Materials

Design Matteo Thun & Antonio Rodriguez

Matteo Thun e Antonio Rodriguez:  
“Volevamo sviluppare una gamma di piatti in fine bone china pensati per l’ospitalità e la ristorazione che si possono facilmente collocare anche in un ambiente privato. La collezione gioca con diverse dimensioni e forme contemporanee per portare un look fresco in tavola. La silhouette pulita mette in risalto la bellezza classica della fine bone china e la sua natura traslucida, resistente ed elegante.

Matteo Thun and Antonio Rodriguez: “We wanted to develop a range of fine bone china plates designed for hospitality and catering that you can also easily place in a private environment. The collection plays with different dimensions and contemporary shapes to bring a fresh look at the table. The clean silhouette highlights the classic beauty of fine bone china and its translucent, durable and elegant nature.”

Matteo Thun und Antonio Rodriguez:  
“Wir wollten eine Reihe von Fine-Bone China Teller entwickeln, , die für die Gastronomie bestimmt sind und sich auch in einer privaten Umgebung problemlos einsetzen lassen. Die Kollektion spielt mit verschiedenen Größen und zeitgenössischen Formen, um einen frischen Look auf den Tisch zu bringen. Die klare Silhouette unterstreicht die klassische Schönheit des Fine-Bone Chinas und seine durchscheinende, dauerhafte und elegante Natur.
