Our Factory

Design & Print

ISO Certificated

ISO 9001 / ISO 14001 / COMPLIANCE MANAGEMENT

In the beginning a new decal starts from the idea up to the implementation in designs and finally the more technical prepress-jobs.

It takes a lot of experience and technical know-how by our profession printers to bring our designs up on waxed paper-medium.

Our Factory

Decoration

Handcrafting made in Germany

Each printed decal has to get transfered from paper-medium to white ware. That is what our workers do in several steps and in perfection.

To become typical FALKENPORZELLAN, the precious shiny or mat Gold respectively Platinum will be drawn by our valued porcelain painters.

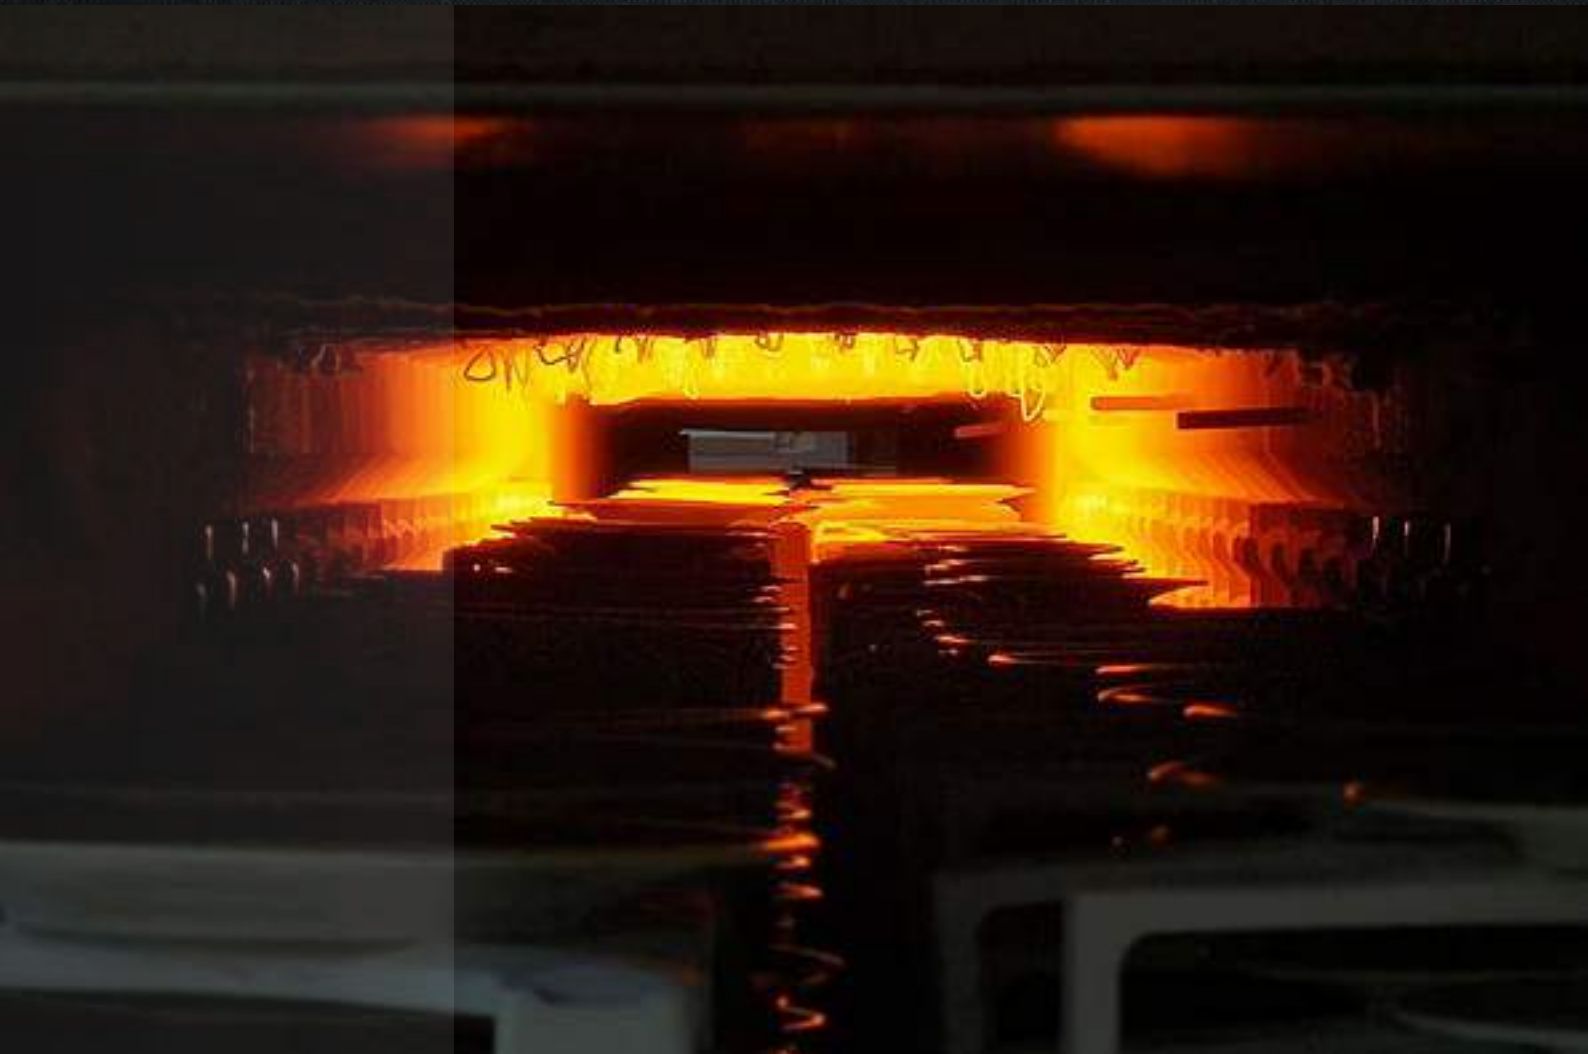

Our Factory

Firing

What makes our work complete

When the handcrafted work is done, all items are getting prepared for firing. Caused by the rich kind of decoration this step also presupposes a lot of experience.

Mostly it takes two or more correct firings of about 1000°C one after another, getting a FALKENPORZELLAN complete. Anytime our employees have to care on each.

Our Factory

Pack and ship

Providing all over the world

After a accurately strict quality-control we pack all items savely in protective film, then into our high-grade black FALKENPORZELLAN gift-boxes.

Finally our gift-boxes with rich and lovingly manufactured high-end porcelain leaves Bärnau in white outer packaging and will be shipped all over the world, maybe next time straight to you?
